Parent/Guardian:

This year, Pulaski County Schools will be allowing you to update your demographic information and fill out the HIF (Household Income Form) online through the Infinite Campus parent portal. The first instruction sheet provides instructions on how to sign in to the parent portal and who to contact should you need assistance.

The second instruction sheet provides instructions on how to update your demographic information in the Infinite Campus parent portal. It is of great importance that we have up to date contact information including address and phone numbers. This section will also allow you to update the household member information as well as emergency contacts.

Lastly, you will find an instruction sheet on completing your HIF (Household Income Form). Even if you know that you will not qualify, it is still very important to complete this form. The information that you provide directly impacts our state and federal funding.

It is our hope that this process will eliminate some of the forms that you had to complete in previous years and make the process easier for you.

Thank you,

Patrick Richardson
Superintendent
Pulaski County Schools
